

Chief Audit Executives Training

Organized by *IIA Belgium* & *KPMG Advisory*

Unlock your full potential as a Chief Audit Executive

IIA Belgium, in collaboration with KPMG Advisory, presents a comprehensive training program designed specifically for new or aspiring Chief Audit Executives!

Training Overview

This 1.5-day training is designed to equip Chief Audit Executives with the essential knowledge and tools necessary to excel in their new role. Participants can expect to gain valuable insights and practical guidance from experienced professionals, enabling them to make informed assessments and effectively kick-start their new position.

Content Overview

The training will be organized, following a brief introduction call, in 3 half-day sessions to be scheduled at your own convenience and pace. The content will focus on key areas crucial to the success of Chief Audit Executives, including:

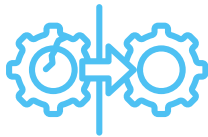

1. Understanding and (re)shaping internal audit's mandate and positioning within the organization,
2. Developing effective internal audit vision and strategy,
3. Optimizing internal audit processes,
4. Enhancing Internal audit team structures and competences.

Why this training is essential for Audit leaders?

This is not just training; it is a transformative experience designed to support you in shaping a high-impact internal audit function.

Through a combination of expert-led sessions and practical frameworks, this program enables you to:

Refine the internal audit mandate and its strategic positioning within your organization.

Develop and implement a future-focused audit vision and strategy.

Strengthen internal audit team structures and competencies to build high-performing team.

Optimize internal audit processes to enhance efficiency and effectiveness.

What you will gain?

Take the first step toward becoming a visionary leader in internal auditing. Join a network of forward-thinking executives shaping the future of the industry.

This training offers the following benefits to every participant:

- **Customized training delivery:** Engage in three half-day sessions, scheduled flexibly to accommodate your professional commitments.
- **1:1 Executive coaching:** Work closely with seasoned experts for personalized guidance tailored to your leadership goals.
- **Exclusive resources:** Leverage the IIA Ambition Model to elevate your internal audit function and benefit from a 1-year IIA Belgium executive membership for continued professional growth.
- **Strategic networking:** Connect with a cohort of senior professionals who share your commitment to excellence.

Pricing

IIA Belgium is committed to making training accessible and affordable for its members by offering discounted rates. For this training, the fees are **€2,500** for **members** and €3,000 for non-members.
