Audit Software Watch Day

May 28, 2024

What is the event about?

The **Audit Software Watch Day (ASWD)**, is an event organized every two years by **IIA Belgium** and **ISACA Belgium**. The ASWD brings together the software suppliers and service providers in Governance, Risk and Controls Management.

This event shows the latest developments in this niche software market segment relevant to our members. We remain independent regarding vendors and service providers. Our keynote sessions do not endorse any software vendor or service.
