

(Snr) Manager Business Risk Services

Advisory

Berchem, Vilvoorde or Gent, Belgium

Employee (or self-employed)

Grant Thornton Belgium is a member firm of Grant Thornton International Ltd, a global organization of independent audit, tax, and advisory firms and has 6 offices located throughout Belgium. Grant Thornton provides its services to privately held businesses, public interest entities, and public sector entities. As an employer, it fosters a high-performance culture in which people feel encouraged to contribute their unique abilities and to 'go beyond' for their clients. **In addition, Grant Thornton promotes a culture of equal employment opportunities, inclusiveness, wellbeing and health and offers an array of benefits to meet individual lifestyles and work-life balance.**

Our way of working is based on a genuine interest in our clients, their challenges, growth ambitions and commercial context. Rather than offering ready-made solutions, we ask questions and listen carefully. This way, we get closer to the problem and provide tailored and more meaningful long-term advice.

Position

In Business Risk Services (part of our Advisory practice), we aim to be the trusted advisor to our clients (mainly business leaders) and assist them with their strategic, economic and organisational challenges. We focus on the risks and trends that matter, specifically those elements that may prevent or on the contrary enable an organisation to achieve its objectives and strategies. We help them identify, analyse and mitigate risks. We provide advice on how to turn them into opportunities.

We offer the following types of services to our clients:

- Internal audit
- IT audit
- Internal control
- Risk and compliance management
- Fraud investigation
- Sustainability advice
- Quality assurance reviews of internal audit functions
- Data analyses
- GDPR
- Process optimisations

- Etc

As (Snr) Manager Business Risk Services, you will identify strategic, compliance, operational, reputational and financial risks. You provide solid insights into these risks and improvement opportunities and advise clients on the most appropriate decision, desirable measures and internal controls.

Profile

- You have a master's degree in business economics or related discipline
- You have experience in conducting risk analyses, internal audit, internal control, process optimisation. Specialisations in certain areas are an asset (e.g. Fraud investigations, sustainability, IT audit, etc.)
- Certification such as CIA or similar qualifications are an asset
- You speak fluent Dutch or French. English is an asset
- You want to manage your own team

Our offer

- We offer a job with a diversity of projects and clients.
- We offer you a unique opportunity to be part of Grant Thornton Belgium's ambitious growth project and to associate your name with a world-class consultancy firm.
- We are an organization with room for initiative, attention to personal development and a healthy work-life balance.
- You will be part of a great team that works closely together with and for our clients.
- We offer an attractive remuneration package with various extra-legal benefits (insurance, company car or alternative, telephone contract, additional vacations, etc.)
- Independent status is also negotiable.
